## EDUCATION

---

### Dr. HariSingh Gour Central University

Masters of Computer Applications (MCA)

July 2024– present

## WORK EXPERIENCE

---

### Techno Hack EduTech (Web Developer)

Nov 2023 – Dec 2023

- Developed responsive UI for Gridlines application, enhancing cross-device compatibility.
- Built a responsive login and registration page using React.js and Tailwind CSS. Designed a coffee landing page UI, ensuring mobile and desktop compatibility.
- Improved user experience by applying clean layout, modern design, and fast-loading components. Used React Hooks and modular components to streamline development and code maintenance.

## TECHNICAL SKILLS

---

**Languages:** JavaScript(ES6+), Java, C, HTML5, CSS3

**Front-End:** React.js, Redux Toolkit, Hooks, ContextAPI, Bootstrap, Tailwind CSS, Material-UI.

**Back-End:** Node.js, Express.js    **Database:** MongoDB.

**Tools & Platform:** REST APIs, Git, GitHub, VS Code

## PROJECTS

---

### BOOK STORE (*React.js, Node.js, Express.js, MongoDB*)    [Github](#)

- Implemented JWT-based authentication and protected routes, ensuring only registered users can access the book listing.
- Designed a secure user registration and login system using bcrypt for password hashing
- Created RESTful APIs for user and book management, with proper role-based access control. Managed global state using React Context API. Applied responsive and user-friendly UI using Tailwind CSS.

### ELECTRONIC STORE (*HTML, CSS, JavaScript, React.js*)    [Live](#)    [Github](#)

- Implemented Context API and React Hooks to manage global state and handle user interactions efficiently.
- Developed a responsive e-commerce shopping cart application using React.js and JavaScript (ES6+), focusing on modular component design.
- Integrated live search functionality for dynamic product filtering, enhancing the user experience and interface responsiveness.

### REAL ESTATE WEBSITE (*HTML, CSS, JavaScript, React.js*)    [Live](#)    [Github](#)

- Built a responsive UI for property listings with images, descriptions, pricing, and contact forms.
- Ensured a mobile-first design with semantic HTML and clean CSS

## ACHIEVEMENTS

- Developed and deployed full-stack web apps using MERN with secure authentication.
- Improved UI/UX in projects using modular React components and Tailwind CSS.
- Earned Full Stack Web Development and React.js certifications from SkillUp.
