## EDUCATION

### Dr HariSingh Gour Central University

Masters of Computer Application (MCA)

July 2024 – June 2026

## WORK EXPERIENCE

### TechnoHack EduTech

Nov 2023 – Dec 2023

Web development intern

- Created and launched a responsive, user-friendly website for a local non-profit organization, enhancing its online presence and boosting visitor engagement.
- Gained Hands-on experience in various front-end technology, which includes HTML, CSS, and JavaScript.
- Worked extensively with ReactJS to build and manage the frontend. Additionally, collaborated with Node.js and MongoDB to build and manage the backend.

## TECHNICAL SKILLS

**Programming Languages:** - JavaScript, ES6+

**Web Frameworks** :- Bootstrap, React.js, Redux-toolkit, Redux-saga, Hooks, Memorization, Context API.

**Other Tech** - Tailwind CSS, Rest API, Git, MongoDB, NPM, AJAX, UI/UX Design, Node.js, Express.js.

## PROJECTS

### NOTEBOOK APP (FULL STACK PROJECT)

[LIVE](#) [CODE](#)

- Built a Notebook app with HTML, CSS, JavaScript, and React.js, achieving 50% faster loading times and enhanced user engagement through real-time comments integration.
- Integrated backend APIs to fetch and display API integration skills.
- User authorization login and signup and create note delete, edit and update.

### CODEPEN CLONE (REACT JS PROJECT)

[LIVE](#) [CODE](#)

- Provide a code editor with separate tabs for HTML, CSS, and JavaScript. Implement syntax highlighting for each language. Display a live preview of the code as users type.

### REAL ESTATE WEBSITE (REACT JS PROJECT)

[LIVE](#) [CODE](#)

- Detailed information about a specific property, including description, price, location, amenities, photos, and contact information.

### WEATHER APP (REACT JS PROJECT)

[LIVE](#) [CODE](#)

- Integrated API to fetch and display data. Allow user manually search for weather update in specific location.

### FITNESS WEBSITE (HTML, CSS & JAVASCRIPT)

[LIVE](#) [CODE](#)

- Introduction: Brief overview of the website's purpose and goals. Navigation menu linking to essential sections.
- Optimize content and meta tags for search engines to improve visibility. Detailed description of fitness programs and classes offered.

### MOVIE SEARCH APP (REACT JS PROJECT)

[LIVE](#) [CODE](#)

- Developed responsive user interfaces using HTML5, CSS3, JavaScript, and React.js. Integrated API to fetch and display data which user search the movie
